

# Riddle #2 Solved!

**Congratulations!**  
**Kurt and Lisa Schenk from Ada!**  
**They found the medallion!**

**They win gift cards from Mynt Fusion Bistro, Main Street BBQ and Keiser's Kitchen  
and some Lowell Bucks!**

Here are the clues and the answers:

Take a stroll down the fairway (Main Street)  
don't be bothered by the snow  
Play the middle hole (Middle of 41 cement bridge openings)  
but play it down low  
Take careful aim, as in golf  
the hole is pinned (Metal vertical rods in each opening)  
The answer my riddle friend  
is blowin' in the wind (Hanging from metal rod over the river)  
It's the 21<sup>st</sup> hole (Middle hole/opening of 41 openings)  
no matter which way you play  
On the fringe of a hazard (Flat River)  
it can be seen from another fairway (From Riverwalk)  
Danger - stay back (Warning sign on dam)  
it's a chip shot by-way (25 ft. from Blue Star By-Way)  
Around the pin from above (pull up connected line in middle pin)  
pull it up from the gateway (dangled over dam entrance)
