From the winners:

"At first we were thinking it would be at the schools because of the red arrow comment but then I was thinking somewhere near a plant near the signs. Then we thought a little harder about what you want to let be and I thought about the ducks down near the boat launch. My teenagers have been running all over

Lowell for the past few weeks searching for another medallion and we finally got one! This was a good one! We really had to think outside the box on this one to have it make any sense. Thanks for the fun times!”

The Clues and Answers:

It's for the good, we all agree
Words of wisdom, let them be (Don't feed the ducks)
Make your way to the Red Arrow sign (Sign on the Riverwalk)
Nourish with love
and they'll be fine (Feed them by the boat launch)
