Hi Stefanie,

Thanks so much for your willingness to answer questions via email. You will find those below. I am also reaching out to the LAS library to clarify their policies.

Thank you for your time, and I look forward to receiving your response.

Sincerely,

Maryalene

- You have mentioned that you would like to see books in the library labeled and cataloged. Can you provide more details of what system you would like to see implemented and how it would differ from what is currently in place?
- Who should be responsible for identifying books that should be restricted to seniors or removed from the library?
- Since there is no standardized rating system for books, what criteria should be used when evaluating books?
- There is disagreement between LAS and some parents about what constitutes a pornographic book. How do you define pornography?
- You mentioned that there are dozens of books in the library that should be restricted. Can you please share the list of these titles?
- Is there anything else you'd like to add on this topic?
